My favorite Hana-shoubu is Maikomachi. I chose this from many flowers. The reason is I feel modest and gentle atmosphere in this flower. Nevertheless Maikomachi color scheme appeals to existence.

I imagine the name is Maiko + Komachi. From here I thought that this name means a graceful and beautiful girl like Maiko.

This flower not try to stand out, but We can clearly recognize its existence. I felt that the flower image, the appearance and name match.

I enjoy that I can imagine many things from the name and appearance of this flower.
