I W A S H I M I Z U

I found a flower (one variety of iris) called
I W A S H I M I Z U.

M y first impression of this flower was that it had a beautiful color
and I thought it was very elegant.
I thought the name of this flower was perfect for summer.

I am Ruri, the same color as this flower.

When I saw the word "lapis lazuli," I knew it was fate.

T he flower is large, with a diameter of 20 cm,
and I wish I could take a portrait of it like an actress.
